Dear Valued Customer of Confirm Biosciences

In our ongoing effort to ensure full compliance with Federal Regulation we are sending this reminder to all our distributors of the current status of the Salivaconfirm saliva drug test kits. While submission with the current saliva drug test is pending, it remains a product that is clearly labeled and must be sold under **FOR FORENSIC USE ONLY**.

Based on our understanding of the definition of "Forensic Use", we feel that it is appropriate to sell such devices to court systems, police departments, probation/parole offices, juvenile detention centers, prisons, jails, correction centers, and other similar law enforcement entities, or to laboratories performing forensic testing for these entities.

Therefore following this definition, it is not appropriate to sell such devices for in vitro diagnostic applications, workplace testing or over the counter use. The Salivaconfirm Saliva drug test which is manufactured by Alfa Scientific is not "510 (K) cleared for in vitro diagnostic use, therefore "510 K clearance" or "FDA Approval" should not be directly stated or implied on any of your labeling, promotional materials, through any promotional practices, or in any interactions with current or potential customers (including websites). Statements and marketing practices inconsistent with the "Forensic Use Only" intended use could result in possible FDA enforcement action as well as Confirm Bioscience's refusal to fulfill such orders.

Please continue to follow this guidance regarding the sale of Salivaconfirm saliva drug test kits. We will notify you immediately following the announcement of an FDA clearance. We value your business and hope that this information assists you in promoting and selling our forensic use products in an appropriate manner.

To confirm your receipt of this communication please sign and date a copy of this letter and return to Confirm via email attachment, fax or mail. We appreciate your corporation. If you have any further questions please feel free to call.

Sincerely  
Zeynep Ilgaz  
President
